

Flag Subscription

Description

This application provides a way to manage users for a holiday flag service. Subscribers pay an annual fee to have a United States flag placed on their lawn during daylight hours on five major holidays (Labor Day, Memorial Day, July 4th, Flag Day, and Veterans Day)

- Category: General
- Difficulty:
- Suggested stack: Not specified
- Approval status: Approved

Target users

As a User, I need to be able to create other users.

Tags

Notes

User Stories

Login

As a User, I need to be able to log in.

Change Password

As a User, I need to be able to change my password with email confirmation.

Subscriptions

As a User, I need to be able to create, update, and delete a subscription. Subscriptions include Subscriber name, address, subscription start date, subscription end date, responsible organization (usually a Boy Scout or Girl Scout troop), and a route.

Organizations

As a User, I need to be able to create an Organization to assign subscriptions to.

List

As a User, I need to be able to list all service subscriptions.

List by Organization

As a User, I need to be able to see a list of subscriptions by Organization.

History

As a User, I need to be able to see a subscription history.

Routes

As a User, I need to be able to create, update, and delete routes.

Subscribers by Route

As a User, I need to be able to see all subscribers on a route.

Map

As a User, I need to be able to see the subscribers on a route on a map.
