

Storage Unit Auctions

Description

The company runs several storage unit locations and wants to tack onto their existing storage unit website a set of pages where abandoned units can be put up for auction.

User Stories

Register

As an anonymous user, I need to be able to register as a user and send a confirmation email with a unique key to confirm my email address to provide an identity check.

Login

As a user, I need to be able to log in as a user or an administrator to access the system.

User View

As an administrator, I need to be able to see the user version of displays to confirm appearance.

Unit Information

As an administrator, I need to be able to add, modify, and delete units to be placed for auction to keep the site up to date.

Unit Details

As an administrator, I need to be able to add additional detail and upload photos of individual units to provide additional information.

Log

As an administrator, I need to be able to view a log of bidding activity to be able to

reconstruct the bidding history on a unit.

Email

As an administrator, I need to be able to send an email to a winning bidder, confirming the terms and conditions, giving a unique identifier, and giving instructions for the next steps.

Agreement

As a user, I have to agree to the terms and conditions of the bidding site each time that I log in.

Available Units

As a user, I need to be able to see the units available for auction by location so I can see what has changed.

Filter Units

As a user, I need to be able to filter the units shown by location, size, high bid, and time remaining in an auction to keep track of what is available.

Place Bid

As a user, I need to be able to place a bid on a unit.

Status

As a user, I need to be able to see the status of auctions that I have bid on showing current status, time remaining, my bid, high bid, and outcomes to keep track of my bidding activity.

Automatic Logout

As a user, I am automatically logged off after 5 minutes of inactivity to help secure the system.
