

## Tournament Hosting

### Description

The application allows tournament organizers to create tournaments, big or small, for baseball, golf, bridge, pool, ping pong, or virtually any type of game. Tournament organizers register the event, invite teams or individual players, schedule play, and do all the other things that go into managing a tournament.

- Approval status: Approved

### Target users

Users of this application include

- \* tournament organizers
- \* tournament registrants
- \* general public

### Tags

MVP, Notes, Optional

### User Stories

#### Register

As a user I need to register as a tournament organizer in order to create a tournament.

#### Browse

As a user, I need to be able to anonymously browse, search, and view past, present, and future tournaments.

#### Create Tournament

As a tournament host, I need to be able to create or modify a tournament so that others can join.

#### Join

As a tournament competitor, I need to be able to join or be invited to a tournament so that I can compete.

#### Rankings

As a tournament organizer, I need to be able to generate a bracket for

all competitors so that everyone knows the overall rankings.

#### Results

As a tournament organizer, I need to be able to record the results of a match so that observers know the overall status of the tournament.

#### Teams

As a tournament host, I need to be able to assign or withdraw a team from a tournament.

#### Close

As a tournament host, I can determine if the tournament is over.
